

Special Topics in Unit Operations

1. Membrane Separation
2. Mechanical Separation
3. Filtration
4. Sedimentation and Thickening
5. Fluidization
6. Leaching
7. Absorption of Gasses
8. Crystallization
9. Drying
10. Size reduction of solids and Classification of Solids Particles
11. Mixing and Agitation
12. Tracer Response Analysis
13. Liquid – Liquid Extraction
